Report ID: 40157f88-5ee0-4019-bd48-15385034636c
Time: 2026-02-02T06:46:06.235Z
Status: SUSPICIOUS
Confidence: 85%

Explanation:

The image displays three individuals involved in a direct physical confrontation. One person is actively restraining another, who appears to be struggling or resisting. A third person is on the ground, which could be a result of the ongoing interaction. While it's possible this is roughhousing or a staged scenario, the physical postures and strong holds without clear indicators of play (e.g., smiles of enjoyment from all parties, relaxed body language) lead to a classification of 'Suspicious' under the category of 'Physical

Violence' from a surveillance perspective. There are no visible weapons.
