Ø=Þ¨ Violence Detection Report

Report ID: e5a348a9-729f-4096-ba6d-35b4568c5b4e
Time: 2026-01-27T05:53:16.901Z
Status: SUSPICIOUS
Confidence: 85%

Explanation:

The image depicts three individuals in a physical interaction. One person is on the ground, while two others are standing over him, engaged in a hold or struggle. Specifically, the individual in the white shirt is bent over the person on the ground, with their arm potentially applying a hold. The third individual, in the blue shirt, is actively holding the right arm of the person in the white shirt. While the expression of the person in the blue shirt appears relatively calm or even slightly amused, and this scenario could

potentially be interpreted as consensual grappling, self-defense training, or play-fighting, the postures and physical engagement strongly resemble a physical altercation or an attempted takedown/restraint. Given the ambiguity of intent and the clear physical interaction that could lead to harm, it is classified as SUSPICIOUS under Physical Violence, warranting further investigation from a surveillance perspective. No weapons are visible.
